TOWN WARRANT

[L. S.]

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Raymond in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at I. O. O. F. Hall in said Raymond on Tuesday, the eleventh day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what action the town will take relative to the playing of Beano in the Town of Raymond.

4. To fix compensation for collecting taxes for the year ensuing.

5. To see what sum of money the town will vote to raise and appropriate for town maintenance including snow.

6. To see what sum of money the town will vote to raise and appropriate for street lighting.

7. To see what sum of money the town will vote to raise and appropriate for Memorial Day.

8. To see what sum of money the town will vote to raise and appropriate for the Fire Department.

9. To see what sum of money the town will vote to raise and appropriate fo Dudley-Tucker Library.

10. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

11. To see if the town will vote to raise and appropriate such sums for State Highways as recommended by the New Hampshire Department of Public Works and Highways.

12. To see if the town will vote to raise and appropriate \$2,000.00 toward payment of debt.

13. To see what sum of money the town will vote to raise and appropriate for tarring.

14. To hear the report of the dump committee and pass any regulations pertaining to the dump. To raise and appropriate such sum of money as is necessary for maintaining the dump.

15. To see what sum of money the town will vote to raise and appropriate for cleaning Main Street.

16. To see if the town will vote to raise and appropriate a sum not exceeding \$200.00 (1/100th of one per cent of the Town's valuation based on the 1951 assessment) to the Merrimack Valley Association for the purpose of publicizing and promoting the natural advantages and resources of the Town in cooperation with the other 37 communities in this Region, or act in relation thereto.

17. To see what sum of money the town will vote

to raise and appropriate for Parks and Playgrounds. Also pass any regulations pertaining thereto.

18. To see if the town will vote to authorize the Board of Selectmen to sell at public auction any property acquired by Tax Collector deeds.

19. On petition of Reginald Houle and 17 other legal voters of Raymond, "To see if the town will take favorable action and raise a sum of money for the purpose of tarring a section of the road known as Depot Street to Houle's Market."

20. On petition of Ernest M. Robinson and 11 others: "To see what sum the town will vote to raise and appropriate to finish Tarring Freetown Road."

21. To see if the town will vote to celebrate Old Home Day in August and raise and appropriate money for same.

22. On petition of Hughin D. Holt and 12 others: "To see if the townspeople will vote the following ordinances to help with the difficult Main Street parking and traffic problem."

1. No all night parking on Main Street. (To allow snow plowing clear to the curbs.)
2. No all day parking on Main Street. (To reserve the limited parking space for shoppers.)
3. No parking on Main Street for trucks larger than panel, pick-up of station wagon size. (To keep two-lane traffic open.)
4. No Main Street deliveries by truckers and commercial carriers after 9 A. M. on Saturdays, or from 11 A. M. to 1:30 P. M., and after 4 P. M., Monday through Friday. (To reserve the limited parking space for shoppers.)

23. To transact such other business as may legally come before said meeting.

Given under our hands and seal, this 16th day of February, in the year of our Lord nineteen hundred and fifty-two.

ROSCOE M. NOWELL,
DAVID E. CORNELLIER,
HOWARD W. EDWARDS,
Selectmen of Raymond.

A true copy of Warrant—Attest:

ROSCOE M. NOWELL,
DAVID E. CORNELLIER,
HOWARD W. EDWARDS,
Selectmen of Raymond.

REPORT OF HIGHWAY AGENT

This past year we closed our books with very little overdraft, even though the last two weeks in December was very costly because of the ice on the roads. So far this winter the Highway Department has used more salt than during the entire winter season last year, and more sand than during the two past winters combined. This is up to the date of January 20. How much will be needed during the rest of the winter months is unpredictable.

The equipment is in fair condition at this date except for a few minor repairs. We spent \$425.25 for tires this summer, with one more still needed. The original price on these tires was \$504.00. However, I succeeded in buying these at a discount and allowed the Town the credit for such discount. This amount spent on tires necessarily took away from the amount spent on improvements and repairs of roads.

This fall I had planned to cut back some of the banks, using this gravel for shoulders on the Freetown Road, rather than buying gravel at ten cents a yard. However, as the year was nearing the close I could not see how I could do it and stay within the appropriation.

I appreciate the cooperation the Selectmen and citizens of the Town of Raymond have given me this past year.

Respectfully submitted,

LYMAN HAMMOND,

Road Agent.

January 23, 1952.

ROGER E. ELIOT,
Treasurer.

ANNUAL REPORT OF THE RAYMOND FIRE DEPARTMENT

To the Selectmen of Raymond:

Gentlemen:

The following is a brief summary of the activities of the Fire Department for the year 1951.

Number of Alarms:

- 23 bell alarms
- 19 still alarms

Causes for Alarms:

- 25 buildings of which 13 were chimney fires
- 3 brush fires
- 4 no school
- 3 hunting lost persons
- 2 rescuing animals
- 3 out of town fires
- 1 air raid alarm
- 1 false alarm

Summary of Fire Losses:

- \$143,025 00 Estimated value of buildings and contents
- 7,360 00 estimated losses of buildings and contents
- 5,600 00 amount of insurance paid

Inspections, Licenses and Permits:

- 170 inspections
- 13 licenses for places of assembly
- 74 oil burner permits
- 72 oil storage permits
- 7 new burner installation permits

The apparatus is in fair condition, air brakes were installed on the pumper, which added a great deal to

the safety of the men as well as the public. The portable pumper was completely overhauled.

A survey of the town was made outside of the hydrant district to see if better protection could be worked out for those citizens living outside the hydrant district. I talked with several of our people who were interested. Mr. Eccleston, Mr. Littlefield, Mr. MacFarland and Mr. Mafera all donated land on their property for water holes, Mr. Mafera was interested enough so that he offered to pay for digging and fencing the water hole in his district to get the added protection for himself and his neighbors.

We decided to finance the project as far as possible with the small surplus we had in our budget. A power shovel was hired and the project was started, when unfortunately the hydraulic pump on the shovel broke and before it was repaired winter really set in, so the whole project had to be abandoned. However, I sincerely hope that the citizens will provide enough money in the 1952 budget to complete this work, as we all feel that it is very essential. A surprising amount of assessed valuation can be covered from these various water holes.

I want to take this opportunity to thank you gentlemen for the cooperation you have given me the past year, and also to thank Roy Hutchins for furnishing "gratis" the wood for the station recreation room, which he has so generously done for the past several years. I would also like to thank those citizens who have tried in every way to comply with the new state laws where oil is used. It is really gratifying to see how many of our citizens are really interested in co-operating in helping to protect their property from fire losses as well as obeying the laws.

Respectfully submitted,

P. A. FOX,

Chief.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

February 1, 1952

To the School Board of Raymond:

For the fifth consecutive year it again beomes my pleasure to submit my annual report. May I extend my thanks and appreciation to everyone, who, in any way, have contributed to the growth and development of the educational system of the town.

At the opening of school in September, 1951, one teacher was added to the staff, Miss Mary C. Hathaway of Kingston, Mass. Miss Hathaway is the language teacher and is a graduate of Colby College in Waterville, Maine. She comes to Raymond with two years' experience and replaced Miss Josephine C. Wilson of Nashua. Mrs. deLaBruere was granted a leave of absence in October, 1951, and Miss Matilda McDonough of Dover replaced her. Mrs. deLaBruere was the instructor in commercial subjects.

It is a distinct pleasure to report and call your attention to the fact that because of the minimum changes in the teaching staff, your children have received the continuity of instruction so necessary to a good education.

Other members of the teaching staff are Mr. Mirey, Mr. Callaghan, Mr. Presby, Mr. deLaBruere and Mrs. Graham in the high school, and Mrs. Scott, Mrs. Goddard, Mrs. Vining, Mrs. Shaw, Mrs. Houghton, and Mrs. Forgan in the elementary school. Mrs. Waterhouse has been the regular substitute. We have been very fortunate in having such a teacher when needed living in the town.

The lunch program has been extended to cover nearly the entire school year. Mrs. Hall is again the supervisor and Mrs. Treantafel is her assistant. This program, in my opinion, is a worthwhile addition to the educational system of the town. By keeping in close touch with increased costs and utilizing surplus goods to the maximum as well as the rise and fall of commodity prices, we have been fortunate in keeping the price of meals to a minimum.

Again the Raymond High School has been rated Class A. This makes the fifth consecutive year. This speaks volumns for the School Board, the teaching staff, the children and the parents of the town. May the good work continue.

After the legislature had decided to make some appropriation for schools for two years, and after the State Aid formula had been established for distributing these funds, Raymond was the recipient of \$10,572.69. This was about \$8,000.00 more than was originally estimated because of the retrenchment of the previous legislature. Perhaps it would make it clearer to

the taxpayer to show just how the amount of \$10,572.69 was reached.

DATA SHOWING RAYMOND'S SHARE OF THE
STATE AID TO EDUCATION

Average Daily Membership, Elementary,	247.6	
Elementary Membership X \$175.00 per pupil,		\$43,330 00
Average Daily Membership, Secondary,	61.3	
(This average includes resident pupils only)		
Secondary Membership X \$225.00 per pupil,		13,792 50
Total Cost of the Foundation Program,		\$57,122 50
1950 Adjusted Valuation in Raymond, \$2,209,272 00		
LESS \$17.00 tax on Adjusted Valuation,		37,557 62
Total Foundation Aid to which the Raymond District qualifies,		\$19,564 88
The amount paid in October, 1951, to the School District was		\$10,572 69

This amount was arrived at after all the districts in the State had been checked for qualification and then the money available under the formula was pro-rated.

According to the best authority available, this amount will be forthcoming for another year. It must be remembered, however, that the membership of all schools in the state have increased sharply in many parts and when each district's share is pro-rated there will undoubtedly be some change in the distribution.

If you will consult the report made at this time last year, you will note that recommendations were made for the purchase of much needed new equipment. This has been done and I wish to thank the board and the citizens. This new equipment included new typewriters, a new mimeograph machine, a new rexograph machine, two new sewing machines, and other minor equipment. Since all equipment could not be replaced, repairs were made to the others together with repairs and painting of various parts of the building including a chimney for a forge in the annex, painting and repairing in the annex, replacement of curtains where needed in the building, redecorating where necessary because of constant use or because of time, the building of shelves and bookcases, resurfacing outside walks, oiling and leveling of roads in front and around the building, refinishing desks and blackboards, resurfacing floors and hallways, repainting of outside window sashes, building and installing new screens on windows on ground level outside in front of building, and a few minor repairs to the boiler in the main building as well as isolated repairs to bells, windows, ceilings, doors, floors and plumbing.

In order to maintain the standing of the school and in order to keep abreast of the educational growth and development in the country, it is recommended that you continue to replace

worn out equipment and refinish the rooms for modern instruction. This recommendation refers to the replacement of typewriters and worn and out-moded desks and chairs.

Your attention is called again to the fact that the lunch program and home economics department are still far from being what they should be in as much as there is a conflict between the time used for lunches, cleaning up, and preparing for the next day's meal, and the teaching of foods and nutrition in the curriculum of the school. You must spend some money to divide these departments or prepare yourselves for less state aid and further curtailment of either the Home Economics department or the lunch program. You cannot have both as they are and meet the requirements of both.

There are two recommendations that should have your immediate attention and you as members of the Board are striving and working diligently on one of them—the installation of a new drain for the water from the top of the gymnasium and the accumulated water and snow around the side and back of the building. Unless something is done, and you realize the fact, there will come to a time when a major repair job will be needed to the foundation.

The other recommendation has to do with the toilets in the boys' basement. This is brought to your attention because the Health Department of the State is working on this situation and will probably require something to be done immediately. These toilets, especially the urinals, are of slate and have served their purpose for a long time, but it now becomes a health menace and it is strongly recommended that action be taken just as soon as possible and that provision be made in the budget for this project.

Regardless of recommendations, opinions, and ideas, the final analysis rests in the budget and what the Board as well as the taxpayer think is the most important. If you will consult the proposed budget for next year—1952-53—you cannot fail to note that as living costs increase, other costs will increase also including the cost of education. This is true in nearly every item in the budget. Perhaps one or two items or examples from actual transactions might give you some idea of these costs.

1. Paper towels. Paper towels could be purchased at special school prices per case for \$5.75 three short years ago. Today, we have recently purchased an even cheaper grade of paper towel for \$9.37 per case. And we had to pay cartage while three years ago these towels were delivered free.

2. School papers. (These papers include white and manila composition, arithmetic, news print, drawing, typewriting, mimeograph, construction, cross section, cheap practice paper, second sheets, and others.) Every single item of paper has advanced in price from 15 per cent to 40 per cent over three years ago. We are using cheaper paper today than ever before and at the same time paying more money.

3. Every publisher of school textbooks from which schools purchase classroom texts and workbooks have notified superintendents and purchasing agents that an advance of 33 $\frac{1}{3}$ per cent will be made in costs to the schools.

The above examples are but a few of the items with which we have to contend. It is not so long ago that school boards and superintendents used to estimate that the cost of books and supplies for each child per year was \$2.00. Today that cost has increased to \$10.00.

Before completing this report, may I mention the fact that all of our elementary children have been given the chance to have their teeth improved through the fluorine treatment by the State Health Department free of charge. Many parents have availed themselves of this opportunity for their children. May I thank the school board for its permission to allow this to be done, the nurses who drove from Durham each day to do the job, the Parent-Teachers Association as the sponsoring agent, Dr. Dwyer of the Health Department who engineered the project, Mr. Mirey and his staff who cooperated in arranging time, schedules, and housing, and above all, the parents who took advantage of the treatments.

May I again thank the children, parents, teachers, School Board members, and the citizens of the town who have so kindly and generously helped to make this school year a progressive one as well as for their guidance and untiring aid to me in trying to make the schools of Raymond reflect the youth of the community in their efforts to make this great land of ours a better place in which to live.

Respectfully submitted,

MURRAY H. WATSON,
Superintendent of Schools.

REPORT OF THE SCHOOL NURSE

Health Report for the School Year from
September, 1950, to June, 1951

To the Superintendent of Schools and the School Board
of Raymond:

Total number of pupils examined—330.

Defects Found	Number Affected	Reported to Parents	Improved	Corrected
Under weight, 10 %	10	10	1	9
Defective Vision	5	5	0	3
Hearing loss	2	2	1	0
Defective teeth	202		76	61
Diseased tonsils	3	3		2

Two pupils treated at orthopedic clinic.

Communicable Diseases—Measles 64 cases, mumps 21 cases.

Audiometer tests given to 357 pupils.

Registration Day for prospective first grade pupils
was held on May 16.

Number school visits—348.

Number home visits—118.

Respectfully submitted,

MARGARET E. CRONIN, R. N.,
School Nurse.

PRINCIPAL'S REPORT

To the Superintendent and the School Board:

I have the honor of presenting my fifth annual report. School opened September fifth with one new teacher, Miss Mary Hathaway, in the department of English. Thanksgiving saw a new face added to the faculty when Miss McDonough replaced Mrs. deLaBruere, who was given a leave of absence for this year. Mrs. Treantafel also started work as Mrs. Hall's assistant in the cafeteria and the arrangement has been very satisfactory, as have been the meals.

Our annual Hallowe'en party, a free get-together for all the grades, was held in the auditorium and I wish to commend the Student Council, and other people working on this affair, for the wonderful job they did in organizing and carrying out the games.

Our Seniors produced their play, "The Red-Headed Step Child," under the able direction of Miss Hathaway and it was a great dramatic and financial success.

Next was our Christmas party for all the children and this was a very happy occasion with a fine cantata presented by the fifth, sixth, seventh, and eighth grades under Mrs. Goddard's direction. The activity association furnished candy and ice cream for all.

Our basketball teams have been outstanding this year. The girls have won the league trophy dropping only one game and our boys finished second losing only to Nute. It looks now as if the boys will be in the State tournament which is an exceptional record for Mr. Callaghan and his spirited club; as this is the second time in three years that Raymond has qualified for tourney play. I am very proud of the team's rec-

ords but more so of the sportsmanship displayed, not only by the high school students but the townspeople at the games as well. How our fans behave at a game is one measure by which outsiders return home judging our school and community.

The carnival events were washed out this year. Our grades did manage to get their skating races over before the thaw, however. The Carnival Ball was held with a big crowd in attendance. This was a success with Mrs. New Hampshire acting as one of the judges to pick the queen. I wish to thank the teachers and their committees that worked so hard to make this a success.

Having been named the chairman of the March of Dimes I enlisted the aid of the Student Council and the student body to carry on this work. I am pleased to report at the present writing we have raised approximately three hundred dollars for this worthy cause. Many thanks to those parents and teachers that risked life and limb to participate in the benefit game. Also I wish to thank all contributors, and the P. T. A. for sponsoring their benefit rummage sale.

We have started instrumental music in our schools this year with private and group lessons being given to those who wish. In connection with this project we have formed a drum and bugle corps under the direction of the music teacher, Mr. Davis. About sixty pupils are practicing for the corps which definitely will be a good marching unit by Memorial Day.

Following are the events for the rest of the year: A band concert will be held in the auditorium by two out of town bands to raise money toward uniforms for the drum and bugle corps; a minstrel show in March with grade and high school pupils as well as faculty members participating. In April the annual one-act

play contest will be staged and in May the Music concert which includes all grades.

In closing, I wish to extend my sincere appreciation and thanks to the Superintendent, School Board, faculty, pupils, janitor, hot lunch workers, parents, police officers and friends in the Town of Raymond who have been so thoughtful and cooperative in making my fifth year in Raymond a most enjoyable and satisfying era in my school life.

Respectfully submitted,

WALTER L. MIREY, JR.,
Principal.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Raymond qualified to vote in district affairs:

You are hereby notified to meet at the Raymond School Auditorium in said district on the tenth day of March, 1952, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the School Board in its annual report.
9. To see if the District will vote to authorize the School Board to use School District funds on hand at

the end of the present fiscal year in order to make repairs to the roof drainage system, to purchase new desks and support the School Lunch Program.

Given under our hands at said Raymond this 20th day of February, 1952.

ARTHUR W. SEVERANCE,
ROGER E. ELIOT,
MILLARD LITTLEFIELD,
School Board.

A true copy of Warrant—Attest:

ARTHUR W. SEVERANCE,
ROGER E. ELIOT,
MILLARD LITTLEFIELD,
School Board.
